

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the present application:

**Listing of Claims:**

**Claims 1-18 (cancelled).**

**Claim 19 (New):** An antenna system for a wireless communication device comprising:

a first antenna circuit;

a second antenna circuit;

a processor coupled to the first antenna circuit and to the second antenna circuit,

the processor configured to:

operate the first antenna circuit to receive a first communication signal

employing a first communication system mode;

monitor a second communication signal via the second antenna circuit,  
the second communication signal employing a second communication system mode  
different from the first communication system mode;

hand off communication of the wireless communication device to the  
second communication system mode based on the first communication signal and the  
second communication signal.

**Claim 20 (New):** The antenna system of claim 19 wherein after the hand off, the  
processor operates the first antenna circuit to receive communication signals employing  
the second communication system mode.
